RE: ADDENDUM NO. 1 TO REQUEST
FOR PROPOSALS (RFP) PACKAGE

Elmore Road: Abbott Rd to
Providence Dr Pavement
Preservation Design Services
RFP No: 25192066

EMAIL TO: All RFP recipients on record.

The RFP Package is hereby clarified or changed as follows:

1. Submittal deadline has not changed.
2. QUESTIONS & ANSWERS

Q1: Pavement preservation projects often involve repairs to bridge joints. Will there be any work on the bridges? If so, will DOT be doing that design work?

A1: Bridge work is anticipated with this project, and will be accomplished with in-house resources.

Q2: Article B4.10 says "Develop the Engineer's Estimate in the *DOT&PF's Bidtab IV* program". Article B23.6 says "Develop the EE using the AASHTOWare program." Please confirm which is intended.

A2: The EE shall be developed using the AASHTOWare program. Reference Article B4, Administrative Requirements: remove and replace B4.10 with the following: "B4.10 Not used."

Q3: Article B9.8 is "Not Used." However, Article B9.12 identifies a Noise Analysis Report as one of the deliverables. Please confirm whether a Noise Analysis is anticipated?

A3: A Noise analysis is not needed. Reference B9, Environmental Activities, Article B9.12 Deliverable Items: remove "Noise Analysis Report."

Q4: Article B19.7 identifies Storm Drain Service Life Estimates and Recommendations as a deliverable and references Article B19.3, which is "Not Used." Please confirm whether this deliverable is required?

A4: Reference Article B19, Design Study Report, B19.7, Deliverable Items: remove "Storm Drain Service Life Estimates and Recommendations." See Article B14, Hydrologic and Hydraulic Design, Task 7 for a description of the relevant services required for this project.

Q5: Article B23.7.2 and B23.7.3 both list “a brief basic construction schedule” as an item that must be included in the submittal package. There is no further description of this schedule anywhere in the Statement of Services. Please clarify what is expected.

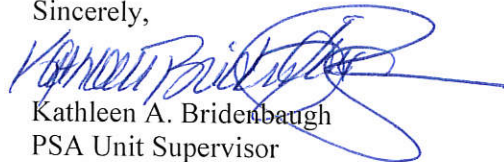

A5: A schedule of the time needed to construct the project; e.g., clearing, pavement removal, final paving, striping, signing.

All other terms and conditions remain the same.

END OF ADDENDUM

We appreciate your participation in this solicitation.

Sincerely,

Kathleen A. Bridenbaugh
PSA Unit Supervisor
